

Meet our Employee

Rochelle Anthony

Inspection Coordinator

Rochelle has been getting to know the vast world of the fire protection industry and loves working with the Action Team and our customers to take care of inspection needs! She has two boys: Jazz (6) and Maverick (8 months). They keep her on her toes most of the time but in her free time she enjoys being with her family, live music, and evenings on the porch swing.

Fire Protection is ESSENTIAL

As we all continue to navigate through the COVID-19 pandemic, Action Fire Pros stays ready to take care of all of your fire/life/safety needs. Many of our customers are taking advantage of this downtime to have us complete projects that would normally impact their normal activities. If we can be of any assistance please don't hesitate to give us a call at 1-800-550-2287. We are ready to respond and take care of your needs 24/7/365.

Meet our Employee

Tiana Sims

Monitoring Coordinator

Tiana is a Business Management graduate of Texas A&M and is enjoying learning all aspects of fire alarm and monitoring. In her spare time she loves spending time at sporting events, hiking, camping, and traveling with Lindsey and their two pups. She also volunteers for Autism Speaks and Paws for Reflection Ranch and is a member for the Dallas Running Club.

Coronavirus Ready – Working Safety to Protect You

ACTION FIRE PROS HAS BEEN DILIGENT ON STAYING UP TO DATE ON CDC REQUIREMENTS SO THAT WE CAN NOT ONLY ENSURE THAT YOUR BUILDING IS PROTECTED IN A FIRE EMERGENCY BUT THAT YOUR STAFF IS ALSO PROTECTED IN THE PROCESS OF OUR SERVICES.

OUR TECHS ARE UTILIZING MASKS, GLOVES, AND HAND SANITIZER BETWEEN FREQUENTLY WASHING THEIR HANDS. WE ARE ALSO TAKING TEMPERATURES TWICE A DAY, WIPING DOWN ANY OF YOUR FIRE EQUIPMENT THAT WE TOUCHED WHILE ONSITE, ALL WHILE BEING AWARE AND PRACTICING SOCIAL DISTANCING FROM YOUR EMPLOYEES.

SAFETY FIRST, ALWAYS!

WARNING: HAND SANITIZER IS FLAMMABLE!

With everyone constantly washing their hands and practically bathing in hand sanitizer, we want to make sure you are aware of how flammable hand sanitizer is and to be sure that you are conscious to use it safely. Please check out this video and remember to always stay fire safe!!
